BRINGING THE WORLD TOGETHER

THE GATHERER

SECOND QUARTERLY REPORT

DATED: NOVEMBER 1, 2024

A WORD FROM THE PRESIDENT

From ENCI's amazing beginnings up to the present day, there has been such an overwhelming response of faith and good will for our purpose and cause. As of this November we are on the cusp of receiving our 501 C-3 accreditation that hopefully by the 24th we will finally receive our first response back from the IRS. That being said, we are very proud to say that we have met our first "Seed Fund" Initiatives along with our donor expectations for the first quarter! Congratulations ENCI!! We're extremely thankful for the continued and ongoing support of our Board and Constituents. We credit them for our current progress and their innate ability to bring hype and interest to our mission by promoting our cause. It's uncanny! We look forward to a great New Year and what 2025 will bring! Many thanks to you all! Sincerely, Ken L. Wilson - President

INTRODUCING ROGER OSNESS ENCI'S NEWEST BOARD MEMBER!

Roger Osness joins the ENCI Board with a myriad of experience as a finance executive with more than 20 years of professional experience in leading business reporting, real estate development analysis, and business operations for Ernst & Young, Kimpton Hotels & Restaurants, Kaiser Permanente, and currently DDRM Partners with a focus on real estate and hospitality assets. Currently he is leading financial reporting to investors and owners, cash flow planning, and complex risk management for DDRM Partners and its affiliates. His previous experience at Kaiser Permanente included managing and leading financial reporting, regulatory reporting, systems implementation, and emergency response coordination. Prior to that Roger managed the financial reporting, cash flow projections, project cost reporting, fund reporting, and systems implementation at Kimpton Hotels. These roles included 20+ real estate developments at various stages located throughout the United States. He also managed full-cycle financial statement audit engagements with the accounting firm Ernst & Young for clients in the real estate, hospitality and financial sectors. Roger holds a BS in Accounting and an MBA from Southern Utah University. You can often find him supporting his family in their many pursuits and promoting a healthy lifestyle with physical fitness.

A RIVER OF HOPE A MEMORABLE OFFERING COMPLETE!

A FAITHFUL DONOR/ PRODUCER

The entire production of "A River Of Hope" would never have taken off if it wasn't for the generous donation of the Daniel & Brooke Zufelt Family who wanted to hold to their agreement to donate costs for the making of this film even after experiencing great duress and personal tragedy. *When asked if they wanted the unused funds to be returned in their time of need Daniel's response was, "No, that was the Lord's money I will not take it back!"* Humbly, the ENCI Board would like to formally express our gratitude for the Zufelts and their undying support in Gifting ENCI this seed money to kick start our projects! We are also happy to announce that "All Is Well" at the Zufelt House once again and that their lives are back on track and doing GREAT!"

IN JUST A SHORT AMOUNT OF TIME AN AMAZING THING HAPPENED...

It's truly amazing that our official ENCI Brand-Film, "A River of Hope" that was made to further our cause and gain financial support can now be viewed on-line in our Every Name Counts Inc. website on You-Tube! This film has already proven vital in helping many already understand what it is we do and to change the world of Family History Research in INDIA. Everything fell into place...it went like clockwork until it was finally finished in just two high-pressure cooked months! You can view "A River Of Hope" by using the following "link" below:

<https://youtu.be/pJvdlQEXg9Q>

THE STORY GOES ON...ENCI ANNOUNCES THE MAKING OF "20K" - A "NEW" DOCUMENTARY - IS NOW UNDERWAY!

The story behind the making of this film is so incredible (all by itself) that no one would ever believe it unless they could actually live it...which compels us to announce the making of our next film! This 2nd film will be a documentary which will accompany the 1st and engross the donors by giving them the rest of the story!" The background behind the making of this film and the many miracles surrounding "A River of Hope" will be well worth "The LOOK," and is still to come. This "Hair-raising" account will pair up nicely with the 1st! So, get ready! Post production is underway and should be ready to release in January of 2025.

IT'S TIME...IS ANYONE AVAILABLE?

For all intents and purposes it's nothing short of a miracle that everyone came together at such late notice to gather as a Production Team and travel far and near to produce a film (such as this one) at a very high level! As soon as the dates were decided we purchased the tickets and off we went to New Delhi, then on to Dehradun India! We thanked God for the many blessings we received in obtaining the permissions to film in both cities of Haridwar and Badrinath, and even received the full cooperation of our 2 designated Pandit's to film within their archives where they daily convene with families to perform the final rites of their deceased.

CURRENT CAPITOL CAMPAIGN INITIATIVES

- 01** Continue to fund the first record capture project with the Contracted Pandit #1 from Badrinath while stationed for the winter season in Dehradun. This will be accomplished by setting up the scanning equipment and operation close to his current lodging situation.
- 02** Fund the platform that will house the record repository for all the Pandit records Vital Records Pvt Ltd will host on-line.
- 03** Fund the Film 20k -The Making of "A River of Hope." This sponsorship will include a favorable recognition to be seen in the rolling credits at the end of the film. \$10,000
- 04** Fund the digital Family-Tree program that will be given to each Pandit so that he has a record of his archive upon signing his agreement to digitize his record vault with Vital Records Pvt Ltd India.

If you have an questions in regards to this report, please email Ken Wilson directly for further information. Thank you!
